5. (Unclassified - GLC) Called Victor Zafra, Bureau of the Budget, for a status report on S. 782. Zafra said they had no problem with our proposed report, but wanted us to wait before sending it to Chairman Henderson until the BOB has cleared the reports of other departments and agencies. He said there is a question of possible threat of Presidential veto if certain language changes are not made, in which case BOB would want to give us more specific guidance than "no objection." In response to my query Zafra said that the Civil Service Commission has serious problems with the bill, especially sections 4 and 5 (dealing with recourse to the courts and appeal boards procedures). He said this, coupled with the desirability of a CIA/NSA exemption might be sufficient to warrant consideration of the veto.
